

## CROWE UTILIZES ENTIRE DAY IN FRANKS HEARING

**Expects to Finish by  
Noon Today—De-  
fense is Scored**

CHICAGO, Aug. 27. (AP)—Threading his way thru a bewildering maze of technical terminology from pathologists and philosophical attorneys, State's Attorney Robert E. Crowe continued his argument for the galleys for Nathan F. Leopold Jr., and Richard Loeb to the point of planting beneath the ramparts of the defense plea of mercy and theory of mental sickness, two big charges of verbal dynamite, one a planted mine; the other a hand grenade.

And then he watched them explode.

He watched too with apparent satisfaction their effect upon Chief Justice John R. Caverly of the criminal courts of Cook county.

Mr. Crowe, although he had talked all day, was beaming when court adjourned.

He nonchalantly slid his hands into his trouser's pockets and announced he would be there in a half a day tomorrow. Then will follow a brief formal hearing on the indictment for kidnapping Robert Franks, after which the case will be ready for Judge Caverly's decision on the penalty.

**Hulbert-Bowen Report**

Mr. Crowe's mine was the Hulbert-Bowen report frequently referred to in the case. In a manner calculated to rock the carefully reared structure of the defense until the segments should tremble on their foundations, he read from the document, penetrating hitherto unfathomed quotations from the two youthful defendants themselves which tended, in the view of the prosecutor, to controvert much of the alienists' testimony concerning the inadequate emotional nature of young Loeb and the superman obsession of his companion in crime.

He found in it, too, quoted admissions by the youths that the \$10,000 ransom was the object of their plot, and opinions by defense alienists that heredity had nothing to do with the crime.

Indeed, the state's attorney argued, it was a question for the discretion of the court whether the defense claims on these points were not branded "undisputed and clumsy perjury," by those revelations of the boys' mental processes.

His second bombshell, less thunderous, but apparently as unexpected as the first, was in the form of letters addressed to Loeb from relatives and friends treating of his gambling debts—the debts important to Mr. Crowe, he said, as supplying the money motive for the crime.

The report, it was learned, came into the record while Dr. William J. Healy, a defense alienist was undergoing cross-examination. A reference was made to it at that time and Mr. Crowe remarked that he could shorten the examination if he had the report itself.

"We will let you have it, in fact we will place it in evidence," remarked defense counsel.

He quoted a remark of Dr. Healy that the report had never been intended to reach the state's attorney.

**Loeb's Gambling**

The letters concerning Loeb's gambling for high stakes and heavy winnings were introduced early in the proceedings. They went into the record on motion of the state as part of a batch of documents dealing with details of the case.

"That letter isn't in the record," said Benjamin Bachrach when Mr. Crowe started reading the missive in which Allan Loeb admonished his brother that he was "going too high" in his gambling.

"Oh yes it is," said the state's attorney and handed it to the defense attorneys.

Allan Loeb flushed slightly at this episode but it did not seem to bother him.

Mr. Crowe read the bank record.

## COOLIDGE PREPARES TO LEAVE VERMONT SOME TIME TONIGHT

**Spent Yesterday Visiting  
Governor of State at  
Proctor**

PLYMOUTH, Vt., Aug. 27.—Returning from their first trip away from here this vacation, the president and Mrs. Coolidge tonight turned their attention toward preparation for the return to Washington which will be started tomorrow night.

The president and his family drove over to Proctor, Vt., near Rutland, this noon for dinner with Governor and Mrs. Proctor at the latter's home. Following a brief visit after the dinner, they returned direct to Plymouth.

Preparing to plunge again into work upon his return, the president has been devoting considerable attention this week to correspondence and office news as related to him from the white house thru C. Bascom Slemp, his secretary. Yesterday and again this morning he spent some time in the temporary offices over the general store.

Friday morning, shortly after his return, Mr. Coolidge expects to hold the regular meeting with the cabinet. Later that day he will speak from the white house portico to delegates of the Fraternal Congress who are in convention in Washington.

Mr. Coolidge announced recently he had not political speaking engagements and his attention to the campaign in the near future is expected to be devoted to receiving delegations and reports on conditions and advising with the national committee.

The crowd of visitors gathered here again today at the general store but after their return the president and Mrs. Coolidge went to their home and stayed for the remainder of the day.

## DECENTRALIZATION OF VETERAN BUREAU FINALLY COMPLETED

**Regional Officers Will Follow  
Out Personal Contact Plan**

WASHINGTON, Aug. 27. (AP)—The final decentralization step in the government's program for furnishing aid to disabled world war veterans was taken today when Director Hines of the Veterans' Bureau signed an order establishing fifty one regional offices in centers where the bureau's activities are greatest.

Supplanting the paper rating system and carrying out the policy of personal contact between veteran claimants and bureau officials the regional offices will, have over to award compensation claims, make compensation payments, grant vocational training and make available hospital and medical care.

The regional offices will be established in Louisville for Kentucky and part of Indiana; Chicago for part Illinois; St. Louis for eastern Missouri and part of Illinois; Des Moines for Iowa; Omaha for Nebraska and part of Iowa.

## TESTIFIES LUGOSY AND GRAFF QUARRELED

NEW YORK, Aug. 27.—Another woman entered today the investigation of the murder of Aaron A. Graff whose dismembered body was found in a sealed varnishing vat in a Greenwich Village cellar. She is Mrs. Helen Dwell Jenkins, who authorities learned had known the dead man for 10 or 12 years. She will be questioned tomorrow by the district attorney.

Mrs. Jenkins told police that Lugosy, the janitor of the house in which the body was found, and sought on suspicion of having committed the murder, had quarreled with Graff on July 31.

## 'MYSTERIOUS PERSON' GETS SOUND SPANKING

CENTRALIA, Ill., Aug. 27. (AP)—The "mysterious person" who wrote threatening letters to three women of this city was punished today with a "sound spanking."

Gladys Hurd, 12 year old daughter of Mrs. Dora Hurd, restaurant owner, admitted she wrote the letters to have some fun.

Each letter demanded that the victim be at a certain corner in this city at a certain hour or they would die at midnight Thursday. The victims witnessed the sound application of Mrs. Hurd's favorite spanking stick.

## APPEAL TO INDEPENDENTS IS MADE BY DAVIS

New York, Aug. 27.—John W. Davis is making a great appeal not only to the Democrats, but also the Independent voters of Massachusetts, President Coolidge's home state, according to Charles H. McGuire, chairman of the Massachusetts Democratic state committee.

## DAWES DECLINES ALL DISCUSSION OF EXPERT PLAN

**Passes His 59th Birth-  
day Anniversary at  
Home Quietly**

EVANSTON, Ill., Aug. 27. (A. P.)—Discussion of the reparations settlement plan bearing his name will be avoided in campaign speeches by Charles G. Dawes, Republican nominee for vice-president.

The suggestion was made to Mr. Dawes today that he discuss in his Lincoln, Neb., speech Friday night the relation of settlement of the European economic situation to the future of American agriculture but he replied that he had already made up his mind not to discuss the experts plan during the campaign and for that reason he had issued no public statement recently when the allies and Germany had reached an agreement on inauguration of the plan.

Mr. Dawes set forth two reasons why he could not discuss the plan during the campaign.

First, he does not desire to make political capital—out of what was undertaken and carried thru as a non-political task. Second, he fears that any discussion of the plan of his part might hinder Owen D. Young and his assistants in putting the plan into effective operation.

Mr. Dawes returned to work quickly today following his return last night from Maine and the only things that reminded him that today was his 59th birthday anniversary were the receipt of several birthday greeting messages and a dinner which he and Mrs. Dawes gave tonight for about thirty of their friends. He spent the morning on his Lincoln address.

The nominee looks upon his trip to Lincoln somewhat as a "homecoming." Mrs. Dawes and several members of his family will accompany him. The party will leave here tomorrow evening, arrive in Lincoln about mid-afternoon Friday. The return trip will not be started until late Saturday. Mr. Dawes plans to spend Saturday visiting with some of his old friends in the town where he began the practice of law.

## THREE MIDDLETOWN STORES DESTROYED

BLOOMINGTON, Ill., Aug. 27. (AP)—Fire discovered at 3:30 o'clock this morning destroyed three business houses of Middletown in Logan county south of here, causing a loss of \$30,000. For a time the entire business district was threatened but fire fighting apparatus sent from neighboring cities prevented further destruction. The fire was discovered in the J. W. Mowrey general store and quickly spread to the Agnew butcher shop and the Price restaurant. Half of the loss to the business firms and owners of the buildings was covered by insurance.

Shortly before the fire was discovered two trucks were heard driving away from the Mowrey store and this has led officials to the belief that the store may have been burglarized and set on fire.

## TWO WOMEN DIE IN FIRE AT VERONA

MORRIS, Ill., Aug. 27. (AP)—Two women were burned to death today at Verona, 18 miles from here when fire destroyed a building housing a tailor shop and the family of Edward Hyslop. The dead are Mrs. Edward Hyslop and her mother, Mrs. George Smith.

Mrs. Hyslop was buried in the ruins and her body had not been recovered late today. Mrs. Smith, who was ninety years old escaped with her clothing in flames and died a few minutes later in a doctor's office. It is believed that the fire was caused by the explosion of an oil stove.

## BRYAN WILL OPEN CAMPAIGN FROM PORCH

Elk Point, S. D., Aug. 27. (AP)—With the porch of a farm home as his rostrum, Governor Charles W. Bryan of Nebraska, Democratic vice-presidential nominee will open the Democratic campaign in the west and will make his first speech of the campaign since his notification ceremonies, next Monday, Labor Day, before an outdoor audience, a few miles north of here.

The Democratic nominee is expected to bring a message particularly to farmers and rural dwellers who will gather to hear him at River Sioux Park, the farm home of Louis N. Crill, South Dakota, Democratic chairman.

## VISITS IN INDIANA

Mrs. George J. Chambers left yesterday morning for Terre Haute, Ind., where she will make an extended visit with her daughter, Mrs. P. R. Leach and family.

## Case Against Wheeler Is Declared Frameup

CHICAGO, Aug. 27.—The setting of the arraignment of Senator Burton K. Wheeler at Great Falls, Mont., for next week when he was planning campaign in New England as a candidate for vice-president was branded an "at tempt to prostitute the processes of justice for political purposes," in a statement tonight by United States Representative John M. Nelson, national LaFollette-Wheeler campaign manager.

Representative Nelson pointed out that the senate had exonerated Senator Wheeler of the charges covered in the pending indictment, "in the midst of his exposure of the department of justice and Attorney General Daugherty."

"Senator Wheeler has been demanding a trial of his case ever since last May," the representative continued. "It was only after Senator Wheeler had announced the opening of his speaking campaign in Boston on Labor Day that he was notified he would be arraigned that very day."

"The action of the Montana district attorney in arraignment Senator Wheeler on September 1 is a clear indication that the department of justice is to be used as an adjunct of the Republican national committee in this campaign."

## WEATHER CONDITIONS CAUSE ADDITIONAL DELAY TO AVIATORS

**Reports of Storm Moving  
South Cause Another  
Day's Wait**

ON BOARD U. S. CRUISER RICHMOND, Ice Tickle, Labrador, Aug. 27. (By Wire) to The Associated Press.—Further postponement of one day in the departure of the American army world fliers from Iqviut, Greenland, to Indian Harbor, Labrador, was ordered this morning because of a storm which is reported to be moving north. Rear Admiral Thomas P. Magruder notified the vessels of the naval patrol that a flight had been postponed until Friday at the earliest.

Meanwhile the Richmond has put in at Ice Tickle, a few miles from Indian Harbor. The destroyers Lawrence, Charles Ausburn and McFarland are anchored at the latter place, but it was considered that Ice Tickle is a better harbor for a larger vessel.

Lieutenant Lowell H. Smith, commander of the world flight, messaged Rear Admiral Magruder that the work of installing new engines in the army planes was progressing favorably although hampered somewhat by the rain Monday. The work, the message stated, probably would be completed by tonight.

## TRIAL OF RIOTERS BEGINS IN HERRIN

HERRIN, Ill., Aug. 27. (AP)—The trial of Carl Neilson and Walter Winstead on a charge of assault with intent to murder in connection with the rioting here February 8, opened in the Herrin City Court this afternoon. Forfeiture of \$39,000 bonds as a result of the failure of S. Glenn Young, Ku Klux Klan dry raider in connection with the rioting in connection with the rioting here, caused considerable discussion here. Bondsmen of Young are of the opinion that the bonds cannot be collected because of affidavits presented to the court declaring Young's inability to appear because of injuries received when he and his wife were attacked.

State's Attorney Delos Duty and City Judge E. N. Bowen are silent on the question of collection of the bonds.

Young is in Atlanta, Ga., where he declares his intention of entering a hospital there for treatment.

## KLAN IS ISSUE IN KANSAS ELECTION

Topeka, Kan., Aug. 27.—The Ku Klux Klan has flared up as one of the major issues of the November election campaign in Kansas—with the democratic party of the state definitely on record as unalterably opposed to the secret organization and the republican party silent.

Following the lead of their national standard bearer, J. W. Davis in denouncing the Klan by name, the democratic state central committee adopted a plank openly condemning the hooded order.

The republican party state council in drafting a platform made no reference to the Klan despite a spirited fight waged by Attorney General Griffith and others.

Mr. and Mrs. J. B. Howard and son Clark of Peoria are visiting in Jacksonville at the home of Mr. and Mrs. Charles E. Williams on South Main street.

"Having failed to prevent Senator Wheeler from going on with the investigation of the department of justice by a framed up indictment, the Republican party now seeks to prevent him from carrying the facts of this corruption to the people of the country by bringing him to trial in the midst of this campaign."

"The senate of the United States has passed on this case. After an exhaustive investigation the senate adopted the report presented by Senator Borah by the overwhelming vote of 56 to five. "Many reports from Montana inform me that the agents of the Republican national committee, the department of justice, and the copper interests, are moving heaven and earth in an effort to make a case which will not have to be dismissed by the judge for lack of evidence. The reports state that these interests are spending huge sums of money in securing this evidence."

"I serve notice on the Republican party that this attempt to prostitute the process of justice for political purposes will fail and that it will not prevent us from carrying to the people of this country the shameful record of the corruption in high places which occurred in Washington under the Republican administration."

## EXPLODING ALCOHOL IN DETROIT POLICE STATION KILLS TWO

**Two Negro Prisoners Burned  
to Death—Nine Others  
Are Injured**

DETROIT, Aug. 27.—Following an explosion and fire in Vinewood avenue police station late today in which two negro prisoners were burned to death and nine other prisoners injured, six seriously, Police Commissioner Frank Croul started an investigation to determine the cause of the blast and why the prisoners were not released prior to the arrival of the fire department.

The explosion, followed by a fire, occurred while patrolmen were pouring confiscated alcohol from containers into drains which lead from the floor to the cell block.

The force of the blast threw prisoners against the bars of their cells, knocked down patrolmen handling the alcohol and jarred the entire building. Fire, following the explosion, burned to death, Emma Bethel and Wesley Conrad, negroes in cells nearest the fire, according to police. The fire was extinguished but not before the iron bars of the cells near the fire had become red hot, according to prisoners.

The explosion is the second to have occurred recently in a Detroit police station while alcohol and liquor were being destroyed.

## CATHOLIC SOCIETY CLOSES CONVENTION

ALLENTOWN, Pa., Aug. 27. (AP)—The Central Catholic Society of America closed its convention today. Resolutions were adopted opposing the provisions of the proposed federal child labor law defending the right to educate Catholic children in the parochial schools and urging the passage of minimum wage legislation and farmer relief measures. No mention was made on the convention floor of the Ku Klux Klan.

Charles Korz, Butler, N. J., was elected president. Officers elected by the National Catholic women's union were: President, Mrs. Sophia Waverling, Quincy, Ill.; vice-president, Mrs. Minnie Springall, Milwaukee, Wis.; and Mrs. Theresa Born, St. Louis; recording secretary, Mrs. Rose Kaltenbach, Chicago; treasurer, Mrs. Mary Neff, Springfield, Illinois.

## THREE MICHIGAN GIRLS HURT NEAR AURORA

Aurora, Ill., Aug. 27.—Three Lansing, Mich., girls, Frieda, Bertha and Margaret Karkau were seriously injured last night in an automobile collision on the Lincoln highway at an intersection called Cortland Corners, where accidents have been frequent. Jack Eddy, of Sycamore, Ill., driver of the automobile which collided with the Karkau's car is held in the DeKalb county jail on a charge of driving a motor vehicle while intoxicated.

The Karkau car was driven by Emil Karkau, a brother of the girls, who were hurt. Miss Daisy Appleton, who was also in the car, escaped injury. Miss Frieda Karkau sustained a fracture of the spine, her sister, Bertha, a broken collar bone and Margaret internal injuries. They say that Eddy was driving on the left side of the road and that their brother turned to the left to avoid him, but Eddy made a left turn at the intersection and the collision resulted.

## INSPECTORS ARE SILENT ON FAHY ROBBERY CHARGE

**Rumors of Partial  
Confession Denied  
—Fahy Still Held**

CHICAGO, Aug. 27. (AP)—Postal inspectors tonight were silent as to methods by which evidence of alleged complicity in the \$2,000,000 Roudout, Illinois mail robbery had been obtained against William F. Fahy, known as an "ace" of the local force of inspectors.

They would not verify printed reports that \$14,000 of the loot had been traced to Fahy as his share of the proceeds of the hold-up and that Fahy's downfall had been brought about by the tapping the wires of his telephone.

C. H. Claranah, chief of the New York inspectors, who was rushed here to work on the case denied that postal inspectors ever had tapped wires.

The government officials tonight were continuing to check two new angles of the situation, Fahy's alleged affairs with women, and his reported intention to leave the government service and establish a private detective agency.

Fahy, in jail at Geneva, Ill., in default of \$50,000 bail, asserts that his arrest is the result of a conspiracy and that he is innocent. Printed reports of his "partial confession" were denied by A. E. Germer, postoffice inspector in charge of the Chicago department, and R. J. Simmons, chief postoffice inspector, who came from Washington to take charge of the investigation. Both said it was the first time in the department's history that an inspector had been accused of an offense against the mails.

Safety deposit boxes in downtown banks to which Fahy is known to have had access were broken open but yielded nothing. News of Fahy's plight caused immediate action by Mrs. Florence Murphy, wife of "Big Tim" Murphy, now in the Leavenworth Federal penitentiary for his part in the \$300,000 Dearborn Station mail robbery. Mr. Murphy was sent to prison almost solely on Fahy's efforts. Mrs. Murphy charged that Fahy had been obstructing Murphy's efforts to obtain a parole, to which he became eligible four months ago.

It was said tonight that the arrests of two more alleged principals in the Roudout robbery were expected to be made soon.

## HENRY FORD DENIES DISCUSSION OF KLAN

DETROIT, Aug. 27. (AP)—Henry Ford in a wireless despatch from his yacht enroute from Montreal to Detroit, to his offices here tonight positively denied statements credited to him yesterday by the Montreal Star wherein he was quoted as saying that the Ku Klux Klan was misunderstood.

Mr. Ford, in his message not only denied the interview published by the Montreal Star but asserted that he had given no interview to anyone while in Montreal and also stated that he had not discussed the Ku Klux Klan. The message further instructed the Ford offices here to "make a positive denial of an absolutely false statement."

Ogdensburg, N. Y., Aug. 27.—Henry Ford's denial that he had made a statement to a representative of a Canadian paper in support of the Ku Klux Klan today was substantiated by a river pilot Captain George P. Fleming of Ogdensburg who said he was about Ford's yacht when a reporter approached the automobile man. The pilot said he stood at the rail where he distinctly heard what was said between Ford and the reporter.

## JEWELERS EXHIBIT EXPENSIVE DISPLAY

ST. LOUIS, Mo., Aug. 27. (AP)—Taxation and insurance were the two chief topics discussed at the first full day session of the National Retail Jewelers association convention today.

Taxation and particularly the federal war tax which originally amounted to five percent on all jewelry sales, was discussed by Ralph Roseler, chairman of the special excise tax elimination committee of Marion, Ind. Through the day, the sparkle and glitter of diamonds, luster of pearls, and interesting exhibitions of the jewelers' trade which was expressed in rare forms and patterns, attracted the wholesalers to the Hotel Statler where a \$10,000,000 display is placed.

## EXPECT ARRIVAL OF BERENGIERIA FRIDAY

New York, Aug. 27.—The liner Berengieria bringing the Prince of Wales is not expected to reach quarantine until about 5 o'clock Friday night according to a radio message received by officials of the Cunard Line today.

## NEW U. S. DIRGIBLE SHOWS UP WELL IN FIRST TEST FLIGHT

**Will Probably Leave Ger-  
many for Lakehurst on  
September 10th**

FRIEDRICHSAHFEN, Germany, Aug. 27. (AP)—ZR-3, the dirigible which Germany built for the United States and which is soon to cross the ocean made her baptismal trip today in a pouring rain. She completed a two hour flight over Lake Constance.

"The ship behaved splendidly," said Dr. Hugo Eckner, director of the Zeppelin company who was in command, "and everything worked well excepting one of the five motors, which refused to function properly, and as consequence was shut off toward the end of the flight."

"She met all expectations and is the finest ship we ever built." According to experts, the engine trouble is not likely to delay the trans-Atlantic flight. There were 60 persons aboard, most of the technicians who had assisted in building the ship, and who took the ride to help in finding faults if any existed. The ship has been more than two years in the building. There was no cheering nor that waving anywhere among the German crowds assembled inside the grounds and on the ridge of hills beyond.

Dr. Eckner said after the flight that the ZR-3 possibly would start for Lakehurst, N. J., about Sept. 10, depending upon several other test flights which are yet to be made.

## SECOND READING OF DAWES PLAN PASSES GERMAN REICHSTAG

**Scant Hope of Obtaining  
Two Thirds Majority  
For Passage**

BERLIN, Aug. 27. (AP)—The reichstag passed the second reading of the Dawes bills today 248 to 174, but the balloting virtually leaves the government with only a scant hope of obtaining the two thirds majority required for final passage unless the nationalists give it negative support by permitting defections in their delegation when the vote is taken. The balloting has been postponed until Friday owing to prolonged interruptions at today's session by rioting communists. The nationalists are holding a secret caucus tonight at which the parties attitude when the critical vote is taken will be determined.

The disturbances in the reichstag which terminated in general fighting finally compelled President Wallrat to call in a police squad to remove three of the communists.

## WALSH OBJECTED TO AS WHEELER COUNSEL

GREAT FALLS, Mont., Aug. 27. (AP)—At its meeting last night Federal Union No. 1187 with a membership of 600 said to be the largest union of unclassified labor in Montana, unanimously passed a resolution directed to United States Senator Burton K. Wheeler, objecting to his engaging United States Senator T. J. Walsh as one of his counsel in his trial to come before the federal court here next month. The resolutions charge that the employment of Walsh will "prejudice" Wheeler's trial and "influence public opinion" against Wheeler and that the union objects to Senator Walsh for the reason he "voted for the East-Cummings bill, for the oil purchasing bill, and to expel LaFollette from the senate."

The shaken and injured, many of them suffering pitiably from seasickness had no dry places to sleep that night.

## PARLIAMENTARY UNION ARRIVES IN GENEVA

GENEVA, Aug. 27. (AP)—Amid scenes of enthusiasm the delegates of the inter-parliamentary union who will assemble tomorrow to discuss disarmament arrived at Geneva this afternoon by special boat and immediately went to the Palace of the League where a big reception had been arranged in their honor by Sir Eric Drummond, a secretary general.

In an address of welcome Sir Eric and the Union possessed one single advantage over the league in that it was universal whereas the league was not. But he asserted his confidence that one day this advantage would be lost and all nations would be affiliated with the leagues.

## BORAH, SMITH AND FRENCH RENOMINATED

Idaho Falls, Aug. 27.—United States Senator William E. Borah and Congressman Addison T. Smith and Congressman Burton L. French were all renominated for these offices by Republicans at Idaho meeting in state convention here today and tonight.

Rev. R. O. Reynolds and family of Griggsville were guests in the city yesterday.

## HURRICANE DOES BIG DAMAGE TO ATLANTIC SHIPS

**Several of Large Lin-  
ers Reach Port Bad-  
ly Crippled**

NEW YORK, Aug. 27. (AP)—Atlantic shipping paid heavy toll to the hurricane which raged over the seas from the south to the North Atlantic for the better part of the last three days. With the arrival late today of the White Star liner Arabic bearing more than fifty persons injured in the 100 mile gale shipping officials learned that the hurricane had caught many vessels in its sweep. At least five large passenger liners, fought thru the gale that whipped the waves into hills between 40 and 50 feet in height.

One man was reported dead, a victim of the gale. It was the only fatality. The Arabic, her sick bay filled with injured, her decks stripped of life boats and her port holes smashed in, was the hardest hit. The Homeric, also of the White Star Line, ran into the giant storm in its waning strength, but had eight injured and suffered damage to her superstructure. The Munson liner Munargo, from Nassau and the Orizaba of the Ward Line made port badly battered. All were from a few hours to a day late.

Of the fifty-two persons who received injuries necessitating the doctor's care aboard the Arabic seven were so badly hurt that they had to be removed to hospitals. Ambulances awaited the ship at her North River pier, Captain Hickson having apprised the White Star offices of their need in a wireless message sent earlier in the day. Of the Arabic's injured 35 were passengers—nine of them in the third cabin—and 17 were members of the crew. A score of others suffered minor hurts which did not require medical attention.

The Steamer Eliza Walker picked up a wireless message from the Danish Freighter Nordfarer enroute here from South America stating that a wave had hit the 2500 ton vessel, smashed its bridge and swept overboard its mater, Captain J. Madsen, who was piloting the steamer.

The Arabic which sailed from Hamburg with 615 passengers August 16, left Halifax for New York at 2:30 o'clock last Monday. Captain Hickson reported ideal weather until noon Tuesday, when the barometer dropped and the wind freshened. By 3 o'clock he said a 120 miles an hour wind kicked up pyramids of water that tossed the vessel like a canoe.

Shortly after 3 o'clock, with no warning, there lifted a gigantic sea which slapped the Arabic starboard abait the bridge and piled a hundred screaming, frightened passengers into a heap in the main lounge.

Mixed with the squirming human pile was furniture, and decorative pieces and glass smashed from port holes.

The water shipped the decks in a torrestial flood, sweeping all before it, crushing life boats, twisting stanchions and gushing thru port holes, flooding virtually every cabin on the two upper decks

A magazine writer says America has "two million laws in force." Two million laws in what?

"It has been my observation," says a feminine leader, "that women are much swayed in their political opinions and decisions by the personal appearances and appeal of candidates for office." Of course men are never influenced in that way.

If the dignified, taciturn, President Coolidge is to be known as "Cal" all thru this campaign, he should insist that his Democratic opponent, former ambassador to Great Britain, shall be dubbed "Jack" Davis by the newspaper writers.

A young Chicago man, Kahne, by name, when it was revealed that he had a wife and two little children in his Chicago home and that he had recently married another wife in a northern city, promptly committed suicide. That was really the best solution of such a triangle, merciful to the family and to the public.

Times have not been as dull as many imagined. In July, Americans spent \$375 for every \$321

paid out in July, 1923, when times were booming. This is revealed by bank clearings, which include 95 per cent of all money transactions.

More than half of the money, in bank check form, passed thru clearing houses in the New York Federal Reserve District. That ought to get a rise out of the west.

It is said that the particular task assigned General Dawes in this campaign is to eliminate the bunk. That's a job for which the general is qualified. His whole record shows how much he despises sham and inefficiency. He will no doubt go along with his campaign in a way that will stagger some of the party managers.

It will not be an old style campaign with the vice-presidential nominee, and there is promise of good fro m the new methods.

An interesting test has recently been made in one big city, showing that 40 percent of the persons arrested for violation of the traffic laws have had defective vision.

While the law now prescribes tests for licensed chauffeurs, there is no restriction except that of age upon the driving of a car privately owned. The time must come when the right to drive a car must be based upon something more than mere ownership and the ability to pay the annual license fee.

It's not so very strange, after all, the atrociousness of the crime with which Leopold and Loeb have been on trial, when other phases of life and conduct are considered. Just bear in mind that during the weeks that this trial has been in progress, hundreds of Chicago women have literally battled from day to day for the chance to gain admission to the court room.

This struggle for place reached its climax one day this week, and when the most putrid of the evidence was being disclosed the court finally ordered these hundreds of women from the court room. The order came after Judge Caverly has suggested in no uncertain way that they leave. Scores still lingered and it was necessary for bailiffs to insist upon their passing thru the doors

into the outer hall. It is such conduct that shatters ideals.

It is fitting that the tenth anniversary of the early days of the great war should find the United States taking precautionary measures against a recurrence of those dreadful times. With both the army and the navy kept at a minimum permanent strength, the country nevertheless is maintained at a high degree of preparedness. Thru the citizens' military training camps, the allocation of industries according to their most efficient use in emergencies, and the inauguration of the annual Defense Day for calling the roll of the individuals and organizations which form part of the defense scheme, the country is better prepared than ever before to offer prompt resistance to attack with a minimum cost.

**A PART OF THE WHOLE**

"A true citizen of a real republic," declared President Coolidge in his acceptance address, "can not exist as a separate unattached fragment of selfishness, but must live as a constituent part of the whole of society, in which he can secure his own welfare only as he secures the welfare of his fellow men."

That is a bit of experience taught by our independent form of government that should be commended to those who find themselves too busy on election day to go to the polls and cast a ballot. In this column the Journal will give space to communications from readers on subjects of general interest. Names of writers must accompany manuscripts even if the names are not printed.

Editor of the Journal:

As a taxpayer of Jacksonville, and as one who has always been interested in preserving for the people those lands and privileges which belong to the people, I take this opportunity of asking the promoters of the new Country Club a few questions. It appears to the public as tho the project to appropriate a part of Mauvasterre park for a private club grounds has sprung into being full grown. The people have been taken by surprise in the matter, and they want to know why the thing has been done so quietly. Is our city government now deserting its policy of open discussion of public questions? Are we to revert to the old days in which the city was ruled by a political ring?

At the meeting of the city council where the resolution authorizing the lease of the city's lands to private interests was passed, no one but the interests in question were present. It is true that the council has the remarkable record of a constant unanimity of opinion, but how can it be otherwise if only those interested in the promotion of a project are present to state their case?

In short, it looks as tho the Country Club boosters are trying to put something over on the people, and it becomes more evident when we realize that they are not seeking to stand on their own feet and own all of their enterprise, but they seek to take a part of the people's land, the land on which the people pay taxes, and appropriate it to private uses. The action of the country club promoters is not a new thing in history; for thus the railways looted the public lands in the early days, and it is by such methods that great corporations corner the country's natural resources. The matter has been carried on with almost absolute secrecy up to the present, and now that the men who are backing the enterprise have obtained what they want from the city council, they are coming into the open, thinking no doubt that they are secure in their special privileges.

I am surprised at the action of the park board in approving this project. Have the members forgotten their refusal to lease portions of Mauvasterre park when asked by smaller and less wealthy groups? True, the club men hold out the prospect of development of the property. But for whom? For at least 25 years the people as a whole get no benefit of this development. Only the club members reap the rewards. Is Jacksonville so poor that she must turn her park system over to private interests for development?

I have been told that the Chamber of Commerce is back of the Country Club. Strange that no intimation came from headquarters when the committee was appointed to boost the project. Were the promoters afraid of a fight with the people?

The promoters claim that the Country Club is to be very democratic in its membership, which in the nature of things must prove to be another white blackbird. I understand that they have set the membership fee at \$250, a figure which they know will exclude all except those of much wealth. Some of those who are interested in the club are reported as having admitted that they do not like to associate with certain people on the golf links. Here is probably the rub, and it has been the rub ever since the park board took the links away from the Municipal Association.

The links at the park now belong to the people, as they should, and not to a favored few who had the exorbitant fee which they charged for a season ticket. But why don't these men who wish to have a little corner of the earth for their own exclusive pleasure, build their club on their own grounds? Why grab the city lands away from the people? Other clubs of the kind in other cities stay in their place and do not seek to deprive the common people of their rights.

I want it understood that I do not object to a Country Club as such, nor do I care how much exclusiveness the so-called upper crust of the city enjoys. But, I do object to the apparently sneaking methods they took to get control of the city property, and the control of that property for private purposes and private benefit. The promoters did not show their hand until they had everything fixed with the council, thinking no doubt that the people would have no recourse. There is, however, a way out, and that is by injunction.

An injunction fight in the courts would no doubt mean little to our wealthy friends who are backing the country club, but to those who would start the proceedings to protect the people's rights, it would mean real sacrifice. Yet something ought to be done about it; for in Jacksonville, the city of co-operation, where absolute frankness and squareness in government has been the rule for so many years now, such things as the promoters of the Country Club have perpetrated on the people ought not to be.

A magazine writer says America has "two million laws in force." Two million laws in what?

"It has been my observation," says a feminine leader, "that women are much swayed in their political opinions and decisions by the personal appearances and appeal of candidates for office." Of course men are never influenced in that way.

If the dignified, taciturn, President Coolidge is to be known as "Cal" all thru this campaign, he should insist that his Democratic opponent, former ambassador to Great Britain, shall be dubbed "Jack" Davis by the newspaper writers.

A young Chicago man, Kahne, by name, when it was revealed that he had a wife and two little children in his Chicago home and that he had recently married another wife in a northern city, promptly committed suicide. That was really the best solution of such a triangle, merciful to the family and to the public.

Times have not been as dull as many imagined. In July, Americans spent \$375 for every \$321

paid out in July, 1923, when times were booming. This is revealed by bank clearings, which include 95 per cent of all money transactions.

More than half of the money, in bank check form, passed thru clearing houses in the New York Federal Reserve District. That ought to get a rise out of the west.

It is said that the particular task assigned General Dawes in this campaign is to eliminate the bunk. That's a job for which the general is qualified. His whole record shows how much he despises sham and inefficiency. He will no doubt go along with his campaign in a way that will stagger some of the party managers.

It will not be an old style campaign with the vice-presidential nominee, and there is promise of good fro m the new methods.

An interesting test has recently been made in one big city, showing that 40 percent of the persons arrested for violation of the traffic laws have had defective vision.

While the law now prescribes tests for licensed chauffeurs, there is no restriction except that of age upon the driving of a car privately owned. The time must come when the right to drive a car must be based upon something more than mere ownership and the ability to pay the annual license fee.

It's not so very strange, after all, the atrociousness of the crime with which Leopold and Loeb have been on trial, when other phases of life and conduct are considered. Just bear in mind that during the weeks that this trial has been in progress, hundreds of Chicago women have literally battled from day to day for the chance to gain admission to the court room.

This struggle for place reached its climax one day this week, and when the most putrid of the evidence was being disclosed the court finally ordered these hundreds of women from the court room. The order came after Judge Caverly has suggested in no uncertain way that they leave. Scores still lingered and it was necessary for bailiffs to insist upon their passing thru the doors

into the outer hall. It is such conduct that shatters ideals.

It is fitting that the tenth anniversary of the early days of the great war should find the United States taking precautionary measures against a recurrence of those dreadful times. With both the army and the navy kept at a minimum permanent strength, the country nevertheless is maintained at a high degree of preparedness. Thru the citizens' military training camps, the allocation of industries according to their most efficient use in emergencies, and the inauguration of the annual Defense Day for calling the roll of the individuals and organizations which form part of the defense scheme, the country is better prepared than ever before to offer prompt resistance to attack with a minimum cost.

## BAPTISTS PARADE AT WHITE HALL WEDNESDAY

White Hall, Aug. 27. — The formation of a Baptist Brother-  
hood of Jersey and Greene coun-  
ties featured the opening session  
of the Greene-Jersey Baptist As-  
sociation annual meeting now in  
progress in the First Baptist  
church. Preceded by a parade  
through the business section of  
town, a banquet was held in the  
church basement, featured by the  
White Hall band and Laura's or-  
chestra.

R. F. Ballard, president of the  
celebrated Men's Bible class of  
White Hall, called E. M. Phillips,  
of Carrollton, to the floor for  
such recommendation as he saw  
fit, and the installation of the  
teamster followed in the per-  
son of Dr. N. J. Hilton of Alton.  
Short talks were made by Dr. C.  
R. Thomas of Roodhouse, Judge  
H. L. Chapman of Jerseyville, A.  
M. Nevius of White Hall, Fred  
Vertrees of Carrollton, and Rev.  
Morgan of Barrow.

At the conclusion of the  
speaking, steps were taken to  
bring about the tri-county  
brotherhood organization by nam-  
ing Rev. L. E. Ellison as general  
chairman, together with three  
committees from each county.  
The move will be brought for-  
mally before the association for ap-  
proval or suggestions.

At the conclusion of the ban-  
quet session the audience as-  
sembled in the auditorium to  
hear an address by Rev. J. D.  
Jenkins of Jerseyville.

## Cuticura Heals Itching Burning Pimples On Face

"The trouble began on my face  
and developed into red, itchy pim-  
ples. They feasted and  
at times were so large  
that they inflamed my  
whole face. They itched  
and burned so badly  
that they caused me  
restless nights, and  
when I scratched them  
they spread. The trouble continued  
for three or four months.

"I read an advertisement for Cuti-  
cure Soap and Ointment and sent  
for a free sample. I found relief  
immediately after using it, so pur-  
chased more, and after using one  
large box of Ointment and three  
cakes of Soap I was completely  
healed." (Signed) Miss Gladys Wil-  
feth, 612-2nd St., Milwaukee, Wis.

Use Cuticura Soap, Ointment and  
Talcum regularly for every-day toilet  
purposes.

Sample Free by Mail. Address: "Cuticura Labo-

## CROWE UTILIZES ENTIRE DAY IN FRANKS HEARING

(Continued from Page One)  
ords immediately after calling the court's attention to the letters.  
"Where did he get this money?" asked Mr. Crowe, and left the question unanswered, for Judge Caverly's consideration over night.  
Mr. Crowe spent much of his time in elaboration of his theory

### STOP AND THINK This Means You!

Before you enroll in any other school, get the facts. No matter what you now are or where you live, you can be a big success. The best part of it all is, that any man, woman, boy or girl, who is able to read, write and think can make good. All the secrets of success can be summed up into one word—try. If you have the backbone to try, let us raise you out of the "dub" class. The Harvard Tutoring School is a modern Home Study Institute on scientific basis, conducted exclusively by Harvard men. Our modern and concentrated College, Business, technical and industrial courses start you up higher and move you up faster. We will prepare you conscientiously to hold your own where competition is keen. You will not lose a single working hour, just let us bring you up during your spare time and you will not get into a blind "alley" where you will have to drudge away at poor pay throughout a long lifetime. It costs you nothing but a stamp to inquire—do it today, it is the shortest and surest way to success. Harvard Tutoring School, 5 Boylston St., Cambridge, Mass.

### Showed Emotions

"Your honor has been told that these criminals have no emotions. You have been told that they are two mad boys wandering about in a childish wilderness of phantasy. I read from the report. Loeb is telling of his thoughts anent the possibility of being caught—'I had considered the possibility of not being caught. I was certain my father, a sick man, could not stand the shock.' 'Is that feeling or emotion, your honor?'"

"Again, Loeb tells that in the death car with Leopold after life had been beaten out of their victim:

"I had a hard time quieting my companion. It took me five minutes to quiet him."  
And then the prosecutor turned a few pages to read a quotation from Leopold at the time he was witnessing the death of Bobby: "My God this is terrible, this is terrible!" he exclaimed in tones of horror, the report revealed.

Mr. Crowe contended that that was a display of emotion.  
"Are these two defendants purposeless, aimless, wandering young boys, tripping light heartedly thru life without a care, without a thought for the morrow?" he asked.

Another answer was "pecked" from the report, in the language of Loeb:

"We felt certain that we would not be caught, or we would not have gone into it."  
And later, this, also from Loeb, "I believe I would go into this thing again if I was sure I could get the money and if I was certain I would not be caught."

### "Four Major Crimes"

Mr. Crowe also found in the report references to "A, B, C and D," four unrevealed episodes in Loeb's life. These, he contended were known to Leopold and used by the later as blackmail to keep Loeb in subjection.

"They dispose of the king-slave theory of the defense," he said.

Mr. Crowe said he would prove that these were four "major crimes" committed by Loeb but he did not reach that stage in his argument today.

"A, B, C, D, and the murder of Bobby Franks is E!" he thundered to the court.

While less energetic in his arguments today Mr. Crowe lost no opportunity to pour hot shots of invective and sarcasm into the defense position.

### DR. RAMMELKAMP AT HOME

## FARM BUREAU NOTES

### Are You Interested in Goats?

A very prominent breeder of Angora goats living in Montana is interested in having his product exhibited in Morgan County. The breeders present facts to show that it is more profitable to produce Mohair than it is wool. We shall be very glad to turn the correspondence over to any one interested in this line of livestock.

**Hessian Fly**—W. P. Flint, entomologist for the Natural History Survey of the State, has summarized the surveys made in 34 counties of the wheat producing area of Illinois. Enough infestation has been found to make it dangerous to sow wheat before the fly free date.

**Tax Facts**—J. C. Watson, of the department of Taxation and Statistics of the I. A. A., with two assistants made a brief study of Morgan County Tax System. Reports as follows:

"On analyzing the figures for your county, we found as we told you we probably would, that as between lands and town and city lots in Morgan County, you have no serious inequalities. In fact, such as there are, to the disadvantage of city property rather than to the disadvantage of farm lands.

"We find, however, that both lands and town and city lots in Morgan County are assessed on a higher percentage of their selling. However, the excess in neither case is very large.

"In view of the facts which I have stated above, I do not think you need to take any action whatsoever in your county. The chances are that the city of Jacksonville would be unwilling to reduce their assessments. If they are unwilling to reduce their assessments, owners of farm lands cannot reasonably ask for any reduction. So far as comparison with state averages is concerned, the difference does not seem to be large enough to warrant carrying the matter to the Illinois Tax Commission. Lands in many counties, especially in the Southern part of Illinois, are assessed at an even higher percentage of selling values than is true in Morgan County.

"I suggest that you take these questions up with your executive committee. I think it will be a source of some satisfaction to them to know that their assessments seem fairer than they do in many counties in the state."

### SCOUTS TO AID IN GETTING OUT VOTE

Local scouts will give assistance this year at election time to any agency of the city and county for the purpose of helping out a full vote. Only 49 percent of the voting population of the country exercised its privilege in 1920, and a movement has arisen to induce every citizen to use his franchise.

The scouts will post notices

urging people to vote and will probably bill the city and county in an effort to secure a larger number of persons at the polls in November. The scouts thruout the nation are to render a similar service.

Mrs. Charles Tynick was a business visitor in Jacksonville Wednesday from her home west of the city.

## IMPROVEMENTS ARE PLANNED AT ASHLAND

New Fire Station and Office Building Are Among Building Improvements in Prospect—Other Ashland News

Ashland, Ill., Aug. 26.—A new fire station, a brick office building which will accommodate the office of the Farmers' Grain and Elevator company, are among the improvements planned for Ashland during this fall and next spring.

At present the people of the community are turned upon the outcome of the controversy over the location of the new fire station. The members of the town board favor building a frame or brick structure over the Chicago and Alton well a block south of the main business street. Upon the decision of the town board in regard to the location of the fire station depends the outcome of the decision of the stockholders of the Farmers' Grain and Elevator company to build a brick office on the site of the present dilapidated fire station. If the new station is constructed over the C. & A. well is the only one of sufficient capacity in the town to supply water for a dangerous fire. Should the station be constructed over this well the fire truck will make the gun from the station to the location of the blaze stringing hose along the way.

## MANY TO ENTER ILLINOIS COLLEGE

Plan of Limiting Enrollment in Freshman Class To One Hundred and Fifty Will Again Be Followed This Year.

Illinois College is limiting the enrollment of new freshmen to 150 in order to insure the highest possible degree of efficiency—believing that freshman classes of this size will develop the best possible student body. The plan was tried last year with very satisfactory results—the entering class coming up to the limit set by the opening of the college year. This year with even more careful selections the reservation list was filled last week, 150 reervations having been accepted four weeks before the opening of the college year, and now there are several on the waiting list to fill any possible vacancies. More than the usual number of new students have applied for admission with advanced preparation and several have asked for admission as candidates for the master's degree. If the usual number of former students return, as now seems altogether probable, the registration will again show an increase as it has annually for some years.

The following students from Jacksonville have enrolled in the freshman class:  
Dorothy Allen, Leavitt Arnold, Lee Baldwin, Pack Benson, Arthur Bergstrom, Philip Bradish, Tom C. Buckthorpe, William Chapman, Russell Dunlap, Dorothy Ellis, Genevieve Gouveia, Margaret Gouveia, Oscar Gregory, Harold Hopper, Willard Johnson, Ruth Leavenworth, William Lewis, Lucy Moore, Sheldon Nicol, Ernest Olds, Samuel Osborne, Hoyt Rawlings, Lynford Reynolds, Edith Ruyle, Wilma Ruyle, Keith Scofield, George Schmalz Jr., Margaret Struck, Georgia Terhune, Russell Theobald, Earl Tittor and Rothys York.

Others in the freshman class from nearby towns are: Floyd Miller of Arenzville; Stuart Humble and Jacob Kessler from Camp Point; five from Carrollton, Mary Knight, Kenneth Robley, Hazel Smith, John Sutter and Lena White; Walter Cook, William Cook and Herschel Wilson of Chanderville; Harry Crabtree and Earl Diddle of Chapin; Nona Hart, Byron Smith and Roy Read of Franklin; Clarence Siltma; and Alvin Stewart of Clarence Spencer of Murrayville; Floyd Milby of New Berlin; John Ballard, Roselee Elgin, Beryl Galaway, Lawrence Kemp and John Welles of White Hall; Elmer Mitchell, Charles Shipley, Mable Shipley of Winchester; and many others from more distant places.

## WOMAN WEAK DIZZY, FAINT

Found Relief in Taking Lydia E. Pinkham's Vegetable Compound. Always Recommends It.

Bridgeport, Connecticut.—"I was completely run-down, had headaches, dizzy, faint feelings and other troubles women often have. As I had taken Lydia E. Pinkham's Vegetable Compound before, my husband said to take it again. I have now taken Lydia E. Pinkham's Blood Purifier, the Liver Pills, and six boxes of Lydia E. Pinkham's Vegetable Compound Tablets. I am feeling very good now and shall continue taking them for a while. I have been telling my cousin about the medicine and she wants to take it, too. I always recommend it."—Mrs. HENRY C. SMITH, R. F. D. No. 3, Box 6, Bridgeport, Conn.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Smith's experience is but one of many.  
In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 121,000 replies were received, and 98 per cent. reported they were benefited by its use. For sale by druggists everywhere.

## TO MEN ONLY

Modesty is a pretty enough virtue—if it is not overdone.  
To refuse to sit for your photograph lest you should be charged with vanity is illogical. A man gets photographed not so much to please himself as for the sake of those who would like to keep a tangible record of him as they know him. Lest time should prove vengeful—visit.

## ATHLETICS DIVIDE GAMES WITH SOX

Hooper Hits Homer With Bases Crammed in First Tilt Chicago Winning 12 to 9—Philadelphia Takes Second 9 to 1

PHILADELPHIA, Aug. 27.—Harry Hooper hit a home run with the bases full in the fourth inning of the first game of a double header with the Athletics here today and the White Sox won 12 to 9, breaking their losing streak of 13 straight games. Philadelphia threatened in the ninth inning getting six runs on seven consecutive hits. Baumgartner's left-handed shoots worked excellently in the second game for Philadelphia and Barrett's homer alone prevented a shutout.

The Athletics won 9 to 1.

## Berlenbach-Stribling Bout Declared Draw

NEW YORK, Aug. 27. (AP)—W. L. "Young" Stribling, Georgia light heavyweight and Paul Berlenbach, slugging New Yorker, fought a draw tonight in a slashing battle between two of the ring's youngest and latest fistic sensations.

A shade of ringside newspaper opinion apparently favored Stribling, but there was little outburst of approval when the judges declared the match a draw after six rounds of speedy fighting before a crowd of approximately 25,000 in the New York Velodrome.

Stribling, younger but more experienced, outboxed him rugged rival from start to finish, bewildering Berlenbach with dazzling speed and scoring repeatedly with a lightning-like left jab, varied occasionally with a crashing right cross.

Berlenbach, on the other hand, carried the fight to Stribling in the last three rounds and rocked the Georgian with a series of rights and lefts to the head in stream of blood flowing from the southerner's nose. Stribling was guilty of holding repeatedly. He was cautioned several times by the referee and once was booted by the crowd, for pounding Berlenbach while the latter's back was turned.

**Fight by Rounds**

ROUND ONE—The fight started at 10:30 o'clock. Stribling landed the first blow, a weak left to the head, dancing away from Berlenbach's heavy counter. They wrestled about the ring. Berlenbach endeavored to get in his heavy punches. Stribling keeping out of range and jabbing with his left. Stribling mixed with two lefts. Both missed left leads. There was much clinching. They exchanged body blows at close range. They were fighting fiercely at the bell.

ROUND TWO—Stribling shot in a left jab but missed a right follow. Berlenbach missed a wild left. Both missed left leads. Stribling landed on Berlenbach's jaw and the New Yorker drove into a clinch. Stribling followed with a right to the jaw. They wrestled in Stribling's corner pulling and hauling desperately. Berlenbach landed his left to Stribling's jaw. Repeatedly the southerner put his left across. Stribling's famous overhand right came into play at this point and the referee warned him for using his knee. They were in a clinch at the bell.

ROUND THREE—They met in the center of the ring in a furious exchange of blows, wrestled to the ropes, where Berlenbach almost fell out of the ring when one of his rights missed its mark. Stribling put over a pretty right uppercut and followed with a right and left to the head. Stribling got over a beautiful short right to Berlenbach's head and followed with a left to the jaw which staggered the New Yorker. They were sparring at the bell.

ROUND FOUR—They exchanged hard rights to the head. They wrestled furiously around the ring. Stribling jabbed with his left and crossed with his right to Berlenbach's jaw. The New Yorker missed a right. They were warned for pushing and pulling in the clinches. Berlenbach missed a left and took a right to the body in return. Stribling staggered Berlenbach with a crushing right to the jaw and followed with a left to the head that sent Berlenbach back on his heels.

ROUND FIVE—They both missed rights, Stribling tying up Berlenbach in the clinches. Berlenbach chased Stribling about

the ring finally landing his right weakly to his rival's jaw. Stribling landed twice with his left jab. Both landed heavy rights to the body. They were jockeying as the bell ended the round.

ROUND SIX—They exchanged blows furiously at close range. Stribling staggered Berlenbach with a left to the jaw, but went back to his heels when Berlenbach's crushing right landed squarely on Stribling's jaw. They continued to wrestle about the ring. Stribling's nose was bleeding. Berlenbach took a hard right to the body. They clinched. Stribling was getting his left jab over continuously. The bell found them sparring for openings.

## SENATORS KEPT FROM TOP BY BROWNS

Lose Game 8 to 6 in Eleven Innings and Remain in Second Place—McManus Singles With Bases Filled Scoring Two.

WASHINGTON, Aug. 27.—St. Louis kept Washington out of the league leadership when the Browns won today 8 to 6, in eleven innings. With two on base in the eleventh, Marberry purposely walked Williams. McManus singled to left two scoring.

Washington tied the score in the eighth with four runs after two were out. With the bases loaded, Pinch Hitter Hargrave tripled to the left field wall. He scored on McNeely's single.

## TILDEN IS WINNER OVER MANUEL ALONZO

FORREST HILLS, N. Y., Aug. 27. (AP)—William T. Tilden II, began the defense of his national tennis crown today by vanquishing his Spanish rival, Manuel Alonzo, but the series of upsets that has struck the ranks of his challengers continued to mark the downfall of favorites in the most thrilling battle in history for the American singles tennis laurels.

While the Philadelphia, four times champion, put his colorful Spanish opponent to rout in four sets, 6-2, 3-6, 6-4, two of his other rivals—Pat O'Hara Wood, brilliant Australian veteran, and Harvey Snodgrass, Los Angeles star—were eliminated, while two other seeded players, Howard Kinsey of San Francisco and Jean Borotra, French holder of the Wimbledon crown—escaped defeat by the narrowest of margins in the most thrilling play of the afternoon.

Pat O'Hara Wood met defeat in a hard fought five set struggle with Kirk Reid of Cleveland, former Cornell crack.

## PHILLIES TAKE GAME IN EXCITING FINISH

PITTSBURGH, Aug. 26.—Philadelphia won an exciting game from Pittsburgh 7 to 6, the Pirate rally in the ninth inning when three runs were scored, falling one short of sending the game into extra innings. The Pirates hit Carlson and Couch for sixteen hits while the Phillies won the game with eleven hits obtained off four pitchers. Moore hit a homer in the fifth inning.

## YANKS TAKE ONE AND INDIANS COP OTHER

NEW YORK, Aug. 27.—The New York Yankees broke even in their double header with Cleveland today the Indians winning the first game 1 to 0 and the Yankees the second 5 to 4.

Coveleskie is the second pitcher to shutout the Yankees this season. Cleveland's run resulted from singles by Sowell and Myatt and Burn's sacrifice fly.

Shawkey was reinstated after a ten day suspension and won the second game for New York. He drove in two of New York's runs.

## ETTA DRUIEN BEATEN BY PLUTO WATTS

READVILLE, Mass., Aug. 27.—Pluto Watts, driven by Will Dickerson, defeated Etta Druien, the entry of Thomas W. Murphy and the favorite in three straight heats in the Beaumont Farm stake for 2:08 trotters, the feature of today's opening Grand circuit program, in Pluto Watt's first start on a mile track this year. By trotting the second heat in 2:03 3-4, he lowered the record for the event by three quarters of a second.

Baron Worthy, the Murphy entry won the Neponset for 2:08 pacers.

Commodore Wilson, a world champion over half mile tracks as a two year old, showed the way to the field in the Fair Oaks for foals of 1921.

## JACKSONVILLE HORSES WIN AT PETERSBURG

Harness horses owned by Jacksonville men made a very fair cleanup of purses at the Menard county races at Petersburg Tuesday, according to advices received at the fair grounds tracks yesterday.

Bender Chief, owned by Cleary, Masters and Cleary, driver Masters, captured first money in the 2:25 trot; Woods Brothers' Evelyn Patch, driver Woods, took second among a field of seven starters in the 2:20 trot; in the 2:25 pace, Frank Devine's Tommy D., driver Purvins, took first place and A. R. Dennis' Mable Leen, driver Dennis, finished second.

At the close of the Menard county meet about 25 of the horses appearing there will be shipped to Jacksonville to race at the

# Market Report

By The Associated Press

## CORN SHOWS HEAVIEST GAINS DURING DAY

CHICAGO, Aug. 27.—Corn occupied the spotlight on the Board of Trade today, unfavorable crop reports giving the market an upward swing at one time carried values around seven cents above the low for the day and the December delivery going 12 1/2c over Monday's low point. The close was strong at a net gain of 3 to 4 1/2c. Wheat finished 1 1/2c up, with September \$1.21 1/2 to \$1.21 3/4 and December \$1.26 to \$1.26 1/2, oats rose 3/4c to 1 1/2c and provisions advanced 15 to 35c.

Starting somewhat easier in sympathy with the break in wheat corn recovered rapidly on receipt of continued bullish crop reports from interior points. The market as a whole was broad and a number of stop loss orders in the new deliveries were caught on the way up. Commission houses and individuals were active buyers and offerings became scarce. Shortly before the finish, however, profit-taking set in and caused a reaction.

Wheat averaged somewhat higher in sympathy with corn and on removal of hedges against export sales, the latter being reported as quite liberal. Southwestern offerings of wheat were not as large as of late here being in tendency to advance asking prices. Early weakness in wheat was quickly offset by the action of corn the market reversing its course. There was a decided change in sentiment in some quarters with a belief that the decline had been sufficient for the time being.

Oats were active and higher with corn and on reports of a good demand for ocean room with strengthened business. Premiums strengthened with corn and on scattered selling despite a decline in hog values.

## CHICAGO LIVESTOCK

CHICAGO, Aug. 27.—Cattle—13,000. Fed yearlings and handy weight steers steady with week's decline; undertone slightly more active; matured steers carrying steady on hit or miss basis, extreme top long yearlings \$10.85 few lots \$10.50 to \$10.75; shipping demand moderately active for desirable young and handyweights; bulk matured steers \$10.25; few above \$9.50; bulk \$8.25 to \$9.25; plain offerings downward to \$7 and below; little doing on western grass steers; bids weak; fat grades weak to shade lower; bulls steady; vealers closing 50c lower; packers stopping at 50c; stockers and feeders slow.

Hogs—20,000. Mostly weak to 10c lower; packing shows showing minimum losses light slaughter pigs dull 20c to 50c lower; top \$9.99; bulk good and choice 160 to 325 pound average \$9.45 to \$9.85; desirable 140 to 150 pound weight \$8.50 to \$9.25; packing sows \$8.35 to \$8.70; throw downward to \$7.00 and under; better strong weight slaughter pigs \$7.50 to \$7.75; light common kind downward to \$5.75; estimated holdover 17,000.

Sheep—13,000. Slow; fat lambs steady to 25c lower; most white steady; sorting moderate; natives \$13.00 to \$13.25; top 13.50; sheep weak to 25c lower; odd lots fat ewes \$4.00 to \$6.00; range yearlings \$9.00; feeding lambs steady to strong; choice light weights early \$13.25.

## STOCK PRICES GO TO LOWER GROUND

NEW YORK, Aug. 27.—Stock prices drifted irregularly lower today when professional bear traders renewed their attacks against certain specialties. With relatively few exceptions, net losses were small. Trading was restricted in volume because of the absence of many large operators over the Labor Day holiday. Opening prices were firm unduly influenced by the French senate's approval of the London agreement on the Dawes' plan. The weekly steel trade reports also testified to the improvement in that industry.

Erratic fluctuations took place in American Can which opened at 13 1/2c advanced to 15c and broke 3 1/2 points and then moved up to 13 1/2c a net loss of 13. Other pivotal industrials showed only nominal changes. U. S. Steel common sold above 110 at one time, but closed unchanged at 107 1/2.

High priced industrials were in rather free supply during the late trading.

Rails were mixed with good gains being recorded by Rutland and preferred and Pittsburgh and West Virginia preferred. Call money ruled unchanged at 2 percent.

## CHICAGO CASH GRAIN

Chicago, Aug. 27.—Cash wheat was in good demand and the market closed 1/4c to 1/2c better. Premiums and discounts were unchanged to 3/4c better on hard grades while the balance was firm. Shipping sales totaled 950,000 bushels, mostly to exporters. Vessel room was chartered for 630,000 bushels of wheat to Buffalo. There were sales of 400,000 bushels to go to store. Receipts inspected totaled 579 cars.

New York estimated 1,000,000 bushels of what worked for export.

Corn met with a good demand and the market closed with an advance of 1 to 2 1/2c. The trading basis was irregular at 1c easier to 1c better. Shipping sales were only 25,000 bushels. Receipts inspected totaled 100 cars.

Oats closed strong to 2c better. The trading basis was unchanged to 1/4c better. Shipping sales were 135,000 bushels. There were sales of 200,000 bushels to go to store. Receipts inspected totaled 288 cars.

### ALEXANDER HOME IS DESTROYED BY FIRE

Residence of W. C. Dixon Burns While Occupants are Away—People Think Straw Pile is Burning—Alexander to Have High School Courses.

Alexander, Aug. 27.—Fire of unknown origin completely destroyed a residence in the east part of Alexander about 10 o'clock Tuesday evening. The house was owned by John Dixon and occupied by W. C. Dixon. The fire occurred while the family were attending a church service up town and as the people here are accustomed to seeing burning straw piles around the village nearly every night, no one noticed that this particular fire was consuming a house.

When members of the family returned from church, they noticed the fire, but did not learn that it was their home which was burning until they were only a couple of blocks away. The house and contents were totally destroyed. The origin of the fire is a mystery to the occupants, as they left no fire in the house and no light burning. The loss which is mostly covered by insurance is estimated at about \$2,000.

The public schools at Alexander will open Tuesday, September 2. A new feature this year will be the addition of the first and second years of high school work to the course. A. J. Tobin of Jacksonville will be principal of the high school; Miss Margaret Duffner, principal of the grade schools; Miss Grace Armstrong, intermediate grades, and Miss Catherine Turner, primary grades.

Mr. and Mrs. E. E. Hinrichsen of New York City and Mrs. Edward Hinrichsen of Mount Sterling are visiting at the home of Mrs. W. H. Hinrichsen at Alexander.

Mrs. G. T. Rohm and three children have returned to their home in Stratton, Nebraska, after an extended visit with her parents, Mr. and Mrs. J. C. Ewen.

Mrs. Allen Sweet of Beardstown is the guest of her parents, Mr. and Mrs. J. C. Ewen.

Vernon and Gilbert Albaugh of Chapin are visiting for a few days at the home of their grandmother, Mrs. R. L. McCall.

Wade and Archie Schott of Edinburg, Ill., are visiting at the home of Mr. and Mrs. J. T. Little for a few days.

Miss Louise Hinrichsen expects to return to school in Chicago, Sunday, after pending the summer vacation with relatives in Alexander.

### WHITE HALL PASTOR DEDICATES CHURCHES

White Hall, Aug. 27.—The Rev. J. O. Raines will go to Hammond, Illinois, to dedicate a new Baptist church Sunday. Mr. Raines states that this will be the forty-third Baptist church he has dedicated in Illinois since he became engaged in the work of the Baptist State Missionary Convention, and that in not a single instance has he failed to reach the mark set for meeting the indebtedness in each dedication.

Mr. Raines is a man with a stentorian voice and outspoken in his religious convictions. He has been active in ministerial affairs for twenty years.

### J. M. SCOTT HERE WITH FILM MUSICIANS

J. M. Stout, former Jacksonville resident, passed through this city Tuesday, in a special coach with twenty musicians who goes with the presentation of the Lasky film, "The Ten Commandments." The company was enroute from Logansport, Indiana, to Quincy, Illinois.

Major W. H. Dalton, an old friend of Mr. Stout, greeted him at the Wabash station here, where the train stopped for a few minutes.

### COUNTY ODD FELLOWS AT LYNNVILLE PICNIC

Annual Meeting of Order Draws Big Crowd—To Gather Here Next Year—Elected Officers.

The seventh annual meeting of the Morgan County Odd Fellows association was held at Lynnville yesterday with a burgo dinner as a start-off. The business session convened at 2 o'clock yesterday afternoon with President Wesley Coombs in the chair, assisted by Vice-President E. A. Ranson, and E. D. Hembrough acting secretary. Fifty or more delegates and members were present, the following lodges being represented: Lynnville, No. 256; Urania, No. 243; Illini, No. 4; Waverly; Concord; Franklin; Nortonville.

During the business session the following officers were elected for the coming year: President—A. G. Cody. Vice President—L. K. Sutton. Secretary—A. G. Leedy. An invitation extended by T. M. Tomlinson, in the name of the Jacksonville lodges to hold their next annual meeting in Jacksonville, was unanimously accepted. On motion of Fred Schofield, seconded by member Anderson of Waverly, the president appointed a committee of three to draft suitable resolutions in honor of the late J. Marshall Miller, an ardent worker in the lodge—one copy of the resolutions to go on the records of the lodge, and another to be presented to the family of the departed member.

Grand Treasurer Groves of Petersburg was present and delivered a stirring talk on Odd-Fellowship, and later after the business session adjourned Mr. Groves again addressed a large crowd in the Lynnville park. He was followed by Mrs. Myrtle Tandy in a stirring speech, as the representative of the Rebekahs.

The afternoon was enlivened by music from Rastus' Colored Jazz Orchestra of Jacksonville. The following Rebekah officers were chosen for the coming year: President—Miss Fern Halgh. Secretary—Mrs. A. C. Baldwin.

### C. R. LEWIS INJURED WHEN CAR OVERTURNS

Local Grain Dealer is Victim of Accident on State Road East of City.

While approaching Jacksonville on the State road, about seven miles east of the city, Charles R. Lewis, prominent grain dealer of Jacksonville, Springfield and other central Illinois points, was badly bruised Wednesday noon in a motor accident in which his car was almost totally wrecked.

Mr. Lewis was driving a Dodge roadster, and had just passed a Ford driven by Edward Hill of Prentice. Both cars were headed west. After passing the Ford, the Dodge skidded to the edge of the road and completely overturned. As the car turned over, Lewis was thrown out, else his injuries likely would have been more serious than they were.

Dr. A. M. King was notified of the accident shortly before one o'clock, and immediately went to the scene, bringing the injured man back to Jacksonville in his car. Mr. Lewis' injuries were found to consist mostly in bruises about the face, which, though painful, are not serious. After his wounds were attended, Lewis was taken to his Jacksonville residence at 503 North Church street.

The wrecked Dodge car was brought to the Babb garage, on South Main street by Howard Moore. The top and the rear left wheel are entirely missing, while the steering wheel, the front right fender, the lamps, and various other parts are badly smashed.

### GUEST FROM PEORIA

Mrs. Mark Hunt of Peoria is a guest of Dr. and Mrs. Harker at the Woman's College, having accompanied Mrs. Harker to Jacksonville Tuesday, from Peoria, where Mrs. Harker visited for several days.

### RETURN FROM OHIO

Mr. and Mrs. T. V. Archer returned to Jacksonville yesterday to be ready for resuming their work at the state school for the Deaf. For a number of weeks they have been in Cincinnati with relatives of Mrs. Archer.

### SALEM CHURCH HOLDS FISH AND CHICKEN FRY

Five-Hundred People Patronize Supper Given by Rural Community Last Night.

The chicken and fish fry given Wednesday evening at Salem E. church, east of Jacksonville, drew an immense crowd of people, estimated at five-hundred. Many compliments were received upon the quality of the food served. Musicians were provided by Jacksonville merchants, and lights furnished by Edward Boston.

The general committee included Mrs. W. C. Thompson, Mrs. R. E. Phillips, Mrs. William Clary, Mrs. H. L. Davis and Mrs. F. L. Green. A part of the supper was served in cafeteria style and the following had charge of the menu:

Chicken—Miss Olivia Dunlap, Mrs. Sallie Hoagland. Potatoes and gravy—Mrs. Robert Hopper. Corn—Miss Agnes Cromwell. Cake—Mrs. W. Fox, Mrs. Sarah Boylston, Mrs. Thomas Boylston. Tomatoes—Mrs. Albert Koff, Mrs. Spencer Self.

Supper was also served at the tables. The different groups of tables were in charge of Mrs. Dan Moy, Mrs. Amos Coker and Mrs. Oliver Hamm, each of these ladies having six assistants. Ice cream was served by Messrs H. L. Davis, Amos Coker and Alfred Baker.

### PUSH ROAD WORK FOR NEW RECORD

Chances Are That High Mark in Road Construction Will be Reached This Year.

Hard road contractors in Illinois continue to push their drive for a new world's record for one year's construction. The weekly construction report issued by the state division of highways shows that there had been completed up until August 21 of the present year, 706.14 miles of pavement.

The total mileage of pavement completed thus far this season is now 110 miles in excess of the mileage completed on the same date of last year. Construction progress is at present running a full three weeks ahead of last year's program.

During the week ending Aug. 21, 118 paving mixers were operating on the highways throughout the state. Ten thousand, five hundred men and 2,900 teams were employed directly on road work. In the same week, 44.66 miles of pavement were completed.

Col. C. R. Miller, director of the department of public works and buildings, and Frank T. Sheets, chief highway engineer, in commenting on last week's report stated: "While this is the lowest week's construction since July, we are highly pleased over the mileage built. The fact that we are three weeks ahead of last year's program makes us more confident than ever of breaking last year's construction record and fulfilling Governor Small's policy of breaking all world's records for road construction during 1924."

"By November 1, all of the \$60,000,000 bond issue funds will have been spent, and in 1925 our construction program must be limited to less than 200 miles of pavement, unless the proposed \$100,000,000 road bond issues carries. This bond issue provides for the completion of the original state highway system and the building of additional roads, all to be paid, principal and interest, by motor license fees without one cent of direct taxation, and if it carries, Illinois will make even greater construction records during 1925."

"It is imperative that each voter come to realize that no direct tax will be required to give Illinois this great proposed road system. It is also imperative that every voter cast his vote on this proposition, since in order to carry it requires a majority of all voters cast at the election in November. In other words, failure to vote on the proposition is equivalent to voting against it."

### Y. M. C. A. IN CHARGE OF UNION SERVICE

The union church service to be held on the lawn of Grace church next Sunday evening will be conducted by the local Young Men's Christian Association, according to announcement made yesterday. Rev. Walter E. Spooner, who was to be the speaker at this time, has consented to give over his place.

Rev. F. O. Fannon of the Central Christian church, will give the principal talk of the evening. Mr. Fannon is prominent in Association work, and is a forceful speaker. Others on the program include Arthur Tweet, local secretary, Louis Gard and Theodore Wetzel.

### STATE PRIZE BABY TO BE SHOWN HERE

Two-year-old Gloria Esper of Riverport, the only baby to score 100 per cent, at the 1923 Illinois State Fair, has been entered at the "Better Babies" conference at the Morgan County Fair, to open here next Monday. If judged first here, the Esper baby may compete again this year at the state fair at Springfield.

The baby conference at the county fair here is open to all babies, no matter whether they reside within the county or not.

### REUNION IN PROGRESS AT GUNN FARM HOME

Mrs. J. T. Gunn, who for the past twenty-five years has resided on the farm a short distance west of the city, plans to leave the latter part of the week for Petersburg, where she is to make her home the coming winter. All of Mrs. Gunn's children with one exception are to be at the old home today, and a sort of a family reunion has been in progress there all the week.

Among the visitors at the Gunn home during the week have been Dr. and Mrs. T. L. Stein and baby of Chicago, Mrs. W. P. Davey and daughter and son Ellen and Geo. of Schenectady, N. Y., Mrs. C. G. Marcy, Schenectady, N. Y., Prof. George W. Gunn of Eureka college, Mr. and Mrs. C. D. Gunn and sons John and Charles Jr., of Springfield, F. B. Gunn of east of the city. Harvey Gunn, who has made his home with his mother, is to take post graduate work at the University of Illinois this year.

Mrs. Gunn is to teach in one of the Menard county schools the coming term and will reside on route 3, Petersburg. The farm which has been the home of Mrs. Gunn and her family for an extended period, has been leased to Charles Morris. Mrs. Gunn is to hold a public sale today and will dispose of practically all her livestock, farming implements and household goods.

It is a source of regret to Mrs. Gunn's many Morgan county friends that she is to make her home elsewhere. She has been an active member of Westminster church, of the Mound Woman's club and various other organizations and is one of the well known residents of the county.

RETURNS FROM MICHIGAN Mrs. C. S. Smith, of Westminster street, is expected to arrive in Jacksonville from Old Mission, Michigan, today, after an absence of several months.

Col. Sheets will represent the Governor at Big Murrayville Picnic, Thursday, 3 p.m. Everybody come and have a good time.

### NEW STRETCH OF HARD ROAD COMPLETE

The hard road crew which has been working on the east end of the Lynnville-Winchester strip of the hard road laid more than 1,000 feet of concrete yesterday and the new road is now connected up to that already laid north of Lynnville. The crew has moved to Ebaugh's corner, two miles west of Riggsport, which is the western terminus of the strip already laid, and will start laying toward Winchester until they meet and join with the crew now working this way out of that city.

It was stated that the road to Ebaugh's corner west of Riggsport will be opened for traffic in time to be used by travellers bound for the state fair this fall.

### ILLINOIS FERRY AT FLORENCE IS SOLD

The Illinois river ferry at Florence was sold Saturday by W. E. and B. E. Holliday to Earl C. Smith, Walter Smart, Emmett and Clay Rush, and Jesse Sanderson of Detroit, and F. M. Lewis of Pittsfield. The purchase price was twenty-thousand dollars.

The present ferry is a new one which is able to accommodate as many as twenty cars on each trip. A Jacksonville citizen was informed by the ferryman that recently over seven-hundred cars crossed the river between Saturday evening and Monday morning.

This ferry is a connecting link in the Pike's Peak Ocean to Ocean highway. Officers of this trail are hoping eventually to build a bridge across the river at Florence.

### SALEM CHICKEN FRY PRONOUNCED SUCCESS

A large crowd was present at Salem Wednesday to enjoy the chicken, fish, and hosts of good things served by the ladies and membership of that church, and all pronounced the affair a grand success as the food was well cooked, well served, and the tables were well patronized by the hungry crowd, a large number of the visitors coming from Jacksonville. No doubt, part of the success was due to the fact that a number of Jacksonville merchants were pressed into service as dish-washers, proving that they had undoubtedly had the proper training in their own homes. The Merchants orchestra furnished the music for the occasion.

### BUILDING CORPORATION GETS STATE CHARTER

Secretary of State L. L. Emerson has issued a charter to the Jacksonville Industrial Building Corporation, with capital stock of \$30,000.

The new concern, which is fostered by the Chamber of Commerce, will acquire, lease, own and operate a building in Jacksonville. The incorporators are Lee A. Sullivan, J. C. Lukeman, J. W. Merrihan, C. O. Gordon, T. M. Coyle and T. A. Chapin.

### ALLEGED BOOTLEGGER NABBED BY SHERIFF

Joe Tosh of Waverly was arrested in a timber west of Nortonville yesterday by Sheriff T. O. Wright, and is now in the county jail charged with the illicit transportation and sale of liquor. Sheriff Wright stated last night that he believed that Tosh brought the booze from Thayer. The sheriff has been on the man's trail for sometime, and was in Nortonville at 1 o'clock yesterday morning, having received a tip that Tosh was due there with a car load of liquor. However, Tosh did not make his appearance until later in the day, and is believed to have sold out most of his stock before his arrest. The sheriff found over a quart of liquor in Tosh's possession.

### MISS WHITLOCK LEAVES

Miss Myra Whitlock of 1314 South Clay avenue has gone to West Frankfort, Illinois, where she has been engaged in the high school as an instructor in home economics. Miss Whitlock was graduated from Illinois Woman's College last June.

### NORTONVILLE PICNIC IS WELL ATTENDED

The annual Nortonville picnic held Wednesday afternoon and evening, attracted an enormous crowd, as it does each year. The principal speaker yesterday was State's Attorney Carl E. Robinson who talked in an entertaining and forceful manner before a large and interested audience. The presiding officer was Claude Kitchin.

Among the Jacksonville residents who drove to Nortonville Wednesday to attend the picnic were Deputies Burley Jones and Charles Pires.
